DRINK WATER IN STYLE! ~ GIVEAWAY!

Water is one of my favorite drinks. I know it might ‘boring,’ compared to all the other more colorful & options out there, but I love it. 😊 One reason is that our bodies *need* it. So if you were to see me out and you look in the van or in the side of my diaper almost always find a full water bottle. Recently, I had the opportunity to tote a fun & sleek winter themed reusable water bottle from Nalgene. In fact, Nalgene has three new **wintery designs** that are being exclusively sold just this 2015 holiday season.

Holiday shopping is in full swing so whether you need a reusable water bottle to take along on your shopping trips or whether you’re in the search for a practical, fun and very affordable reusable water bottle, a reusable water bottle really is something that anyone could use and enjoy. Reusable water bottles are a great fit! Oh, and did you know that if you use a reusable water bottle instead of disposable bottles, you can save up to the same amount of water in disposable bottles, you can save up to \$2,000 per year?!?! You’ll also keep 1,460 bottles out of the landfills. What do you think?! I’d say using a **reusable water bottle** is a very simple and easy way to save money and to live “greener.”
